

SPIROMETRY COURSE

VENUE: Asthma Waikato | 18 Claudelands Road, Hamilton East, Hamilton 3216 (*Free parking available onsite and roads*)

This course is designed and run by a Clinical Physiologist. It is an interactive course, providing both presentation and hands on opportunities to learn more about spirometry, understand the international guidelines for the performance of quality spirometry and develop both your skills and confidence in maintaining and using your spirometer.

This course follows ATS/ERS guidelines. A certificate will be provided if the participant has attended the full course, has completed the exam satisfactorily, submits a portfolio and 10 spirometry test results for auditing purposes.

COURSE COST: \$580 +GST

Includes: Certificate of Competency*, resource manual, morning tea, lunch and afternoon tea.

HOW TO REGISTER:

E: info@asthmawaikato.org.nz | **P :** 07 838 0851
PO Box 7013, Hamilton East, Hamilton 3247

* To gain a competency certificate from Asthma Waikato everyone who attends the course will be expected to submit at least ten test results for auditing purposes. This will be an annual requirement along with a calibration log and biological control log. Attending the two-day course also offers each person a point of contact for troubleshooting and support. This course should be completed every three years
